School Meal Price From September 1st 2024

18 Jul 24

Dear Parent,

I am writing to inform you of the change in school meal price for 2024/25. Due to the current rate of inflation, we have taken the difficult decision to increase the cost of meals, to £2.75 from £2.50. As a trust we have held the current price for 2023/24 to ensure inflation wasn't passed to families.

This increase is helping us to ensure every Astrea child has access to a hot, fresh, and sustainable meal, for every day they are with us.

Please note the Free School Meals allowance will go up in line with the meal pricing, those entitled to free school meals will still receive this free daily.

Yours Sincerely

Mr D Scales
Principal
