- ✓ Your teacher and year team are making calls home to let your family know when sessions are running.
- ✓ Your teachers are giving up their free time for you – this is because they care! They want you to get fantastic grades and live a great life full of choice
- ✓ We have carefully looked at who will benefit from each session – your class teacher will call your family if you are below your target in that lesson.

- If you attend you will go in a draw for a JD voucher which will be drawn in the first week back
